JANITORIAL CONTRACTS: INFORMATION TO BIDDERS

[Janitorial contracts procured under the authority of AS 36.30.005(b)]

SPECIAL NOTICE: All prospective bidders are encouraged to read this informational document prior to submitting a bid for janitorial services.

The State of Alaska desires that all offerors submitting bids on state funded janitorial contracts are given a fair and equal opportunity to compete. To avoid the disappointment of having a quote or bid declared "non-responsive" or "not-responsible", bidders are required to follow these instructions.

REVIEW THE CONTRACT DOCUMENTS: Most janitorial contracts in excess of \$1000 will have some type of written documentation prepared expressly for the Work. If you are asked to submit a quote and no written information has been provided, then you should ask the Contracting Agency for written documentation. If the scope of services has been described to you verbally, ensure that the information is reduced to writing prior to acknowledging Contract Award. When bidding a Project, carefully review and consider all documents. At least two site visits have been scheduled for this Project, and while attendance is not mandatory it is highly recommended. By submitting a quote to the Contracting Agency the offeror warrants that he is familiar with the Project requirements, has visited or otherwise examined the site, and is aware of the conditions to be encountered. Bidders can verify the contents and completeness of the bid documents by contacting the Contracting Agency's Project representative.

Should bidders discover defects or questionable information within the written documents they shall notify, in writing, the Contracting Agency at the address listed within the *Invitation to Bid* document. Notification shall be provided at least 10 days before the bid opening date so as to allow time for issuing an amendment, if one is required. Such notification may prevent the opening of a defective bid, upon which award cannot be made, and the resultant exposure of a bidder's price. Under no circumstances, shall the Contracting Agency or the State of Alaska be liable for any costs incurred by the bidder in preparation of the bid.

CONFLICT OF INTEREST: An officer or employee of the State of Alaska may not seek to acquire, be a party to, or possess a financial interest in this contract if (1) the officer or employee is an employee of the administrative unit that supervises the Award of this contract; or (2) the officer or employee has the power to take or withhold official action so as to affect the Award or execution of this contract.

PRE-BID CHECKLIST: The following requirements must be met (and in some cases documented) in order to submit an acceptable and responsive bid:

(1) Bidders must possess a current business license or evidence that the license has been applied and paid for. (NOTE: Department of Commerce regulations require a bidder to be licensed for the required type of Work prior to submitting a quote or bid. If determined to be improperly licensed, a quote or bid may be deemed non-responsive.)

(2) Fully complete and sign all bid schedules. If supplemental schedules are provided attach them to the *Bid Schedule* form. Indicate an Alaska Bidders preference if you are qualified to do so.

(3) Bid shall be submitted per the requirements on the *Invitation to Bid* form. If the bid is to be in writing, then the forms provided in the bidding packet shall be used.

(4) If required, the bid security must be attached to the *Bid Schedule* form.

STATE OF ALASKA

JANITORIAL CONTRACTS:

INSTRUCTIONS TO BIDDERS

[Janitorial Contracts procured under the authority of AS 36.30.005(b)]

SUBMITTING THE BID: The bid shall be submitted in the manner described on the *Invitation for Bids*, document 00020, and shall be:

WRITTEN. The offeror shall carefully complete (ink or typewritten) the Bid Schedule portion of the *Bid Schedule/Janitorial Contract Award* form, document 00510. Failure to acknowledge receipt of addenda or to execute the form correctly and completely may disqualify your bid.

BID PRICES: For purposes of Award, all bids received shall be good for a period of ninety (90) days from the date of bid opening. Bid prices must include the cost of labor, supplies, taxes, insurance, overhead, profit and all other costs associated with doing business and prosecuting the Work. Except as specified, no price adjustments will be allowed.

DETERMINATION OF LOWEST RESPONSIBLE BIDDER AND CONTRACT AWARD: Following receipt and determination of all *responsive* written and sealed bids, the Contracting Agency shall compare and tabulate them and determine the lowest bidder. On contracts estimated to exceed \$10,000, this tabulation of bids, called a Notice of Intent, shall serve three purposes. It shall list the name and bid price of each offeror, serve as notice of the State's intent to Award the contract, and provide additional instructions to the apparent low bidder with respect to Award requirements. A copy of the Notice of Intent will be mailed to all bidders. Issuance of a Notice of Intent does not authorize the apparent low bidder to proceed with the Work; and if they do proceed, they do so without a contract and at their own risk.

If, in checking the bids, the Contracting Agency discovers a discrepancy between the unit price amount and the extended amount, the unit price amount will prevail. Conditioned bids, unless expressly requested, shall not be considered. When the Bid Schedule is composed of a basic bid and alternate bids, the Contracting Agency shall base its determination of low bidder and the amount of Contract Award solely upon those bids, basic and alternates, that are priced within the extent of available funds. Alternates shall be considered for Award in the order listed, except that if the order of bidders is not affected, Award may include any combination of funded alternates, or none, as may be in the best interest of the Contracting Agency.

When determining the lowest bidder, the Contracting Agency shall also grant a 5% Alaska Bidder's Preference and an appropriate Alaska Products Preference to any bid designating the applicability of a preference. To qualify for the Bidder's Preference (per AS 36.30.170), the bidder *must* (1) hold a current Alaska Business License, (2) submit the bid under the name appearing on the license, (3) have staffed and maintained a place of business within Alaska for the previous six months and (4) be incorporated or qualified to do business under the laws of the State. In

addition, if the offeror is a partnership or joint venture, all parties must meet the criteria to be eligible for the preference. A pamphlet fully describing the Alaska Products Preference Program is available from the Contracting Agency upon request.

The Contracting Agency shall make a determination of **responsibility** as required by 2 AAC 12.490. If the lowest bidder is declared responsible, the Contracting Agency will execute the Award portion of the *Bid Schedule/Janitorial Contract Award* form, document 00510, and send it to the Contractor for acknowledgement. If the lowest bidder is found to be not responsible, then his process will be repeated with the second lowest bidder - and so on, until the lowest responsive and responsible is determined. Award protests, filed in accordance with Alaska Statutes (AS) 36.30.560 and .565, shall be administered per AS 36.30.570 through .610.

FILING A PROTEST: A bidder may protest the award of a contract or the proposed award of a contract for supplies, services, or professional services. The protest must be filed in writing and include the following information: (1) the name, address, and telephone number of the protester; (2) the signature of the protester or the protester's representative; (3) identification of the Contracting Agency and the solicitation or contract at issue; (4) a detailed statement of the legal and factual grounds of the protest, including copies of relevant documents; and (5) the form of relief requested. Protests will be treated in accordance the Alaska Statutes (AS) 36.35.560 through 36.30.610. shall be administered per As 36.30.570 through .610.

SUBCONTRACTOR LISTING: (Applicable only when permitted by the Contract Documents.) Within five (5) working days of notice, the apparent low bidder must submit a list of the subcontractors they propose to use in the performance of the Contract. The list must include the name, business address, evidence of a valid Alaska Business License and the type of Work to be performed by each proposed subcontractor. Subcontractors can only be changed per AS 36.30.115(b).
